

MATCH THE HOUSEHOLD ITEM WITH THE SCRIPTURE

PREP

Look for Bible events that you and your children may know by heart.

WHAT TO DO?

With a timer on for 30 seconds, your family needs to find household items that can relate to the Bible event chosen. For example, a laundry basket can be used as Moses' baby basket. Or building blocks for Jericho's wall.

This is a fun game that helps our kids retain what they know about the Bible and its events. If you feel lead, use this to teach them more on that scripture giving context to the event and how God was evident.
