Ask the Lord before hand what topics to cover in prayer. Choose a day and a time either in the morning or an afternoon where you and your famliy walk, run around the block or even palying sport, praying and interceding for what God has placed in your heart.

TALK

It is important to pray. But even more to pray together as a family. For the young families with small children, praying in front of your kids models prayer for them. Not just when times are tough but when times are great as well.

For families with older children, praying together encourages them to know that they can go to God for anything. For comfort, in gratitude or in intercession.

Praying together places God in the center of everything you and your family face.
