

BIBLE CHARADES

PLAY

Everyone loves a fun game of charades. Gather your family in the sitting room, all devices off and choose any event, person, or scripture to act out in each round. Separate into teams if possible for a bit of fun competition.

TALK

This game is fun and filled with laughter and joy. When we spend time reading the word we get to know the word deeper and it stays in our minds and our hearts. It's then easier to use as our shield when facing something hard, or used to encourage someone going through something difficult.

It also allows us to encourage each other in celebratory times like when playing this game.
